Title : From Superstition To Reformation

- I. God often allows superstitions to fail so we know who is really in control (ch. 4)

- II. God often allows superstitions to work before using His power to humble people (ch. 5)

- III. When non-superstitious people mock God, He reserves the right to judge them (ch. 6)

- IV. Freedom from superstition means seeking God Himself rather than what He can do for us (ch. 7)
